# Office Memorandum • UNITED STATES GOVERNMENT

TO : Management Officer

DATE: 21 August 1950

FROM : Budget Officer

SUBJECT: Central Intelligence Agency Regulation Number █, dated 1 November 1950

25X1A

1. Reference is made to your memorandum of 14 August 1950 to the Chief, Fiscal Division, and a copy of the draft of Agency Regulation Number █ which was provided the Budget Staff for information and review. 25X1A

2. Various items in the draft have been discussed with the Chief and Assistant Chief, Fiscal Division, Administrative Staff, and it is not considered necessary for this office to comment in detail on the various items which may be involved since the Chief, Fiscal Division, will present his suggestions at an early date. It is desired, however, to briefly comment on two portions of the proposed regulation.

3. In view of the experience which has been gained since the original issuance of the requirements set forth in Section F (Allotments) on page 27 of the regulation, and inasmuch as satisfactory information is now currently available to both the Budget Staff and the Fiscal Division, it is suggested that this section be eliminated. On the basis of procedures no specific requirements with respect to allotments and obligations information need be set forth in an instruction.

4. Section V, on page 28 of the proposed regulation, pertains to the use of confidential funds by the Contact Division. This is the type of regulation and/or instruction which is not normally furnished to individuals other than those who have an actual necessity for their use in day to day activities. If Section V is included in the Regulation, it would be necessary that it be presented to the General Accounting Office Site Auditors and other individuals throughout the Agency who have no actual need for the instruction contained therein and the dissemination of the information would cause certain administrative and operational difficulties. It, therefore, does not appear advisable that Section V be included as part of the Regulation Number █ to the extent that it would be given the same distribution as a matter of normal action on the part of various Staffs and administrative offices. 25X1A

5. If it is considered necessary to hold a discussion on certain portions of the proposed regulation, a representative of this office would be pleased to attend.

SUBJECT: Revision of the Policy Statement of 3 August 1949 Pertaining to the Furnishing of Travel Accommodations to Dependents

DATE: 20 February 1950

1. The proposed revision forwarded from your office on 14 February 1950 has been redrafted in coordination with officials of the Administrative Staff and the Special Support Staff. The redraft which has been concurred in by appropriate representatives of the two staffs was composed with terminology to provide for home leave travel of dependents as well as all permanent change of station travel of dependents. It will also be noted that a slight rewording has been effected in paragraph 3 to provide for terminology reading substantially as that set forth in paragraph 9 of the Standardized Government Travel Regulations.

SUBJECT : Determination of Work Week Applicable to Personnel  
Assigned to Certain Training Facilities and/or Courses

1. Attached are your memorandum dated 30 July on the same subject and a memorandum to the Office of Training from the General Counsel dated 1 August, which Mr. [REDACTED] sent to me for my information. Please note Mr. [REDACTED] comments on the routing sheet of your memorandum. I have discussed this briefly with him by phone, and he feels that he could not concur in your recommendations as presently made. He feels the recommended policy, though providing for exemption, is so worded as to be all-inclusive and would, therefore, create some serious morale problems with certain categories of individuals.

2. Colonel White was not, and I am not, sure that your recommendations do not cover the situation adequately. However, in view of Mr. [REDACTED] comments, it is suggested that you or someone from your Office discuss with him those types of cases he has in mind. If upon this review you feel that your present recommendations are still adequate, please return them with appropriate comments. If you feel revision is in order, it may be possible to have Mr. [REDACTED] concurrence on the paper when you return it to us.

MEMORANDUM FOR: Assistant Deputy Director (Administration)  
FROM : Director of Training  
SUBJECT : Determination of Work Week Applicable to Personnel  
Assigned to Certain Training Facilities and/or Courses.

1. PROBLEM.

To state Agency policy with regard to (a) Overtime Compensation, (b) Compensatory Leave, (c) Holiday Pay, and (d) Night Differential as applicable to employees participating in Agency-sponsored training activities.

2. ASSUMPTIONS.

(a) That even though Agency-sponsored training programs are authorized and conducted for the benefit of the Agency, the participating individual employee derives substantial personal benefits in return for which he should be expected to spend whatever time is required to complete the course of study with maximum attainment.

(b) That (1) applicable general statutes are permissive rather than mandatory, or, (2) that CIA is exempt from the provisions of such general statutes by virtue of the several organic acts applicable to it. (See Attachment A)

3. FACTS BEARING ON THE PROBLEM.

A. Employees are now participating in courses at various public and private institutions, both foreign and domestic, in addition to those conducted by the Agency at its own facilities.

Some of the courses require full-time participation by employees with the result that the individuals are relieved of all normal duties and responsibilities during the period of training.

Other courses require less than full-time participation and are undertaken partly during and partly outside official working hours or entirely in addition to normal duties and outside official working hours.

B. Some Offices have requested overtime compensation for employees for hours spent in training in addition to normal duties and outside official working hours.

**CONFIDENTIAL**  
SECURITY INFORMATION

**CONFIDENTIAL**  
**SECURITY INFORMATION**

C. One Office customarily authorizes overtime compensation for those of its employees who are students in a TR(S) course which regularly involves field problems extending beyond the normal official work day and work week.

D. Current Agency policy is silent as to the problem here presented. See CIA Regulation [redacted]

25X1A

4. DISCUSSION.

Training is provided to satisfy a wide variety of Agency requirements and can only be available under a wide variety of conditions and circumstances. Thus, courses now conducted by the Agency at its own facilities or under its immediate control range from one half of a normal work day -- in the case of the Indoctrination Course given new employees -- to four weeks, of which two are spent in a twenty-four hour a day, seven days a week "field" problem, in the case of the Survival Course.

Similarly, training sponsored by the Agency and conducted by public or private institutions is subject to infinite variety as to hours of attendance required, hours of study and research required, etc. Thus, as a practical matter, it is almost impossible to so administer the variables as to achieve an exact forty-hour week made up of proportions of class time and study and suitable to the particular requirements of individual students. If overtime compensation should be encouraged, it would enrich the laggard but would be of little or no advantage to his more able fellow employee.

5. CONCLUSIONS.

Consistent with the objectives of simplicity, efficiency, and equality of administration, Agency policy should be that

(a) hours spent <sup>as a student</sup> in Agency-sponsored training activities shall be considered as working hours in determining whether an employee has worked the official work week of forty hours but may not be considered as working hours for purposes of overtime pay and/or compensatory leave.

(b) hours spent <sup>as a student</sup> in Agency-sponsored training activities may not be considered as working hours for purposes of night differential.

(c) employees participating full time <sup>as a student</sup> in training activities sponsored by, but not controlled by, the Agency and who have been relieved of normal duties for that purpose, shall

comply with the applicable academic calendar and the laws of the jurisdiction in which located insofar as ~~holidays~~ are concerned and in lieu of ~~legal~~ holidays otherwise applicable to employees.

T(1) (d) requests for exception to these policies will be forwarded through normal channels to the Director of Training for recommendation and concurrence and to the Deputy Director (Administration) for approval.

6. ACTION RECOMMENDED.

It is recommended that policies proposed in Paragraph 5 be adopted and that such policies be incorporated into the CIA Regulations.

## Determination of Work Week Applicable to Personnel Assigned to Certain Training Facilities and/or Courses

Reference: Discussion Mr. [REDACTED], May 1952

25X1A

1. As you know, training activities of the Agency during the past year have increased in both scope and variety of facilities available. Employees are now participating in courses at various public and private institutions, both foreign and domestic.

2. Some of the courses require full-time participation by employees with the result that the individuals are relieved of all normal duties and responsibilities during the period of training. Other courses require less than full-time participation and are undertaken partly during normal official working hours and partly outside official working hours or entirely in addition to normal duties and outside official working hours.

3. With regard to the latter categories, i.e., those courses which involve hours in excess of the work day and work week, there has been raised the question as to whether the overtime hours should be compensated at overtime rates. There is the further question of whether night differential is appropriate.

4. With regard to the former categories, i.e., those courses which require that no time be spent on normal duties and responsibilities of the employee's job, there are the inherent questions of (a) overtime rates for hours in excess of the normal work week or on Saturdays, (b) overtime rates for activity required and performed on Holidays not recognized by the institution to which assigned or by the jurisdiction in which located, and (c) whether to charge annual leave for days on which no activity is required because of local holiday not proclaimed as a Federal holiday or because of academic holiday.

5. Current Agency policy is silent as to these matters. See  
25X1A  
CIA Regulation [REDACTED]

Attachment AC O P Y

6. It is proposed that these questions be resolved by policy and appropriate Agency regulation providing that (a) hours spent in Agency-sponsored training activities shall be considered as working hours in determining whether an employee has worked the official work week of forty hours, but may not be considered as working hours for purposes of overtime pay and/or compensatory leave, (b) hours spent in Agency-sponsored training activities may not be considered as working hours for purposes of night differential, and (c) employees participating full time in Agency-sponsored training activities and who have been relieved of normal duties for that purpose shall comply with the academic calendar and the laws of the jurisdiction in which located insofar as Holidays are concerned and in lieu of Legal Holidays otherwise applicable to employees.

7. These policies may be adopted if it is determined that (a) applicable general laws are permissive rather than mandatory, or (b) that CIA is exempt from the provisions of such general laws by virtue of the several organic acts applicable to it.

8. Your legal opinion with regard to (a) and (b) of the above paragraph is requested as soon as possible, since, in the absence of general policy, questions of overtime pay for time spent in Agency-sponsored training activities are not resolved uniformly by the several Offices.

1. There is attached for your review the proposed revision of CIA Regulation No. [REDACTED], Time, Leave, and Pay. 25X1A

2. This revision was proposed by the Assistant Director (Personnel) and incorporates the following changes:

- a. Supervisory responsibility and authority for leave approval have been extended to include advance annual leave, maternity leave and leave without pay (not in excess of 12 months).
- b. The provisions of Section B(6) have been revised in accordance with the Thomas Rider which requires that annual leave earned in one calendar year be used by 30 June of the following year.
- c. Procedures for approving military training leave have been simplified by eliminating Personnel Office processing. The granting of this leave is essentially an administrative matter requiring consideration of workload and related factors which are determined at operating level. Present processing by Personnel Office is mechanical and time-consuming.

Normally, requests for leave balances should be made to the appropriate Administrative Officer, who will request the desired information from the Finance Office.

## P. Overtime and Compensatory Leave (For Approval see CIA Regulation No. [REDACTED] 25X1A)

- (1) Election by the employee to take leave in lieu of overtime compensation (compensatory leave) shall be subject to the restrictions governing overtime and the provisions of this section. Once an election has been made and approved it may not be changed.
- (2) Overtime work shall be authorized and approved for whole hours. Payment will be computed for each whole hour of work, and leave in lieu of overtime compensation will be recorded for each whole hour of work.
- (3) No officer or employee shall be paid, with respect to any pay period, basic salary plus additional compensation at a rate in excess of \$10,330 per annum. Accordingly, compensatory leave cannot be granted in those instances where an employee would not be entitled to overtime compensation.
- (4) Administrative controls governing compensatory leave will be established by each Office head based on policies stated below:
  - (a) It must be taken within the two pay periods immediately following the period in which earned, or forfeiture will result.
  - (b) Entries will be made on official Time and Attendance Reports of all overtime or compensatory leave earned.
  - (c) An adequate check system will be established to insure that overtime was actually worked.
- (5) Hours spent as a student in Agency-sponsored training activities shall be considered as working hours in determining whether an employee has worked the official work week of forty hours but may not be considered as working hours for purposes of overtime pay and/or compensatory leave. Requests for exception to ~~this policy~~ will be forwarded through normal channels to the Director of Training for recommendation and concurrence and to the Deputy Director (Administration) for approval.<sup>7</sup>

## Q. Holidays

- (1) Work to be performed on a holiday for which holiday pay will be granted will be authorized, approved and paid in the same way as overtime. An employee can be excused or paid holiday rates only for that portion of his tour of duty which actually falls within the 24 hour holiday period, not to exceed 8 hours. Compensatory leave cannot be granted in lieu of holiday pay.

R. Night Differential

(1) An additional 10 percent of an employee's base pay will be allowed for each whole hour of work performed between the hours of 6:00 P.M. and 6:00 A.M. (Standard, Daylight Saving, or other, depending upon time observed locally) when such hours fall within the employee's regularly scheduled tour of duty. Night differential cannot be claimed for time used in obtaining meals.

(2) Payment of night differential may be authorized for night work performed when an employee is temporarily assigned to a regularly scheduled tour of duty other than his own. Proper notations, in support of such payments, must appear on the Time and Attendance Report.

(3) Hours spent as a student in Agency-sponsored training activities may

**TO :** Assistant Deputy Director (Administration)

**DATE:** 28 November 1952

**FROM :** Chief, O & M Service

**SUBJECT:** Proposed Revision of CIA Regulation No. [REDACTED], Travel.

25X1A

1. It has been recommended by the Assistant Director (Personnel) and the Comptroller that paragraph B of CIA Regulation No. [REDACTED] be revised by deleting the following sentence, "Armed Services personnel shall give the necessary data to the Military Personnel Division, Personnel Office, for the preparation of vouchers and submission to the Fiscal Division." The reasons stated for this deletion are:

a. The Military Personnel Division is primarily interested in travel authorizations and travel performed by members of the Armed Services.

b. It is general governmental and CIA policy that an individual traveler prepare his own travel claim. Assistance can be obtained from the traveler's administrative officer.

c. Paragraph A(7)(b) of CIA Regulation No. [REDACTED] provides necessary information for the routing of military travel authorizations. DD/P Notice No. [REDACTED] dated 22 October 1952 indicates the formalized procedures used to authorize travel and certify vouchers against allocated funds in the DD/P complex.

25X1A

1. There is attached hereto an amended paragraph 1. B. to subject Regulations which deletes the sentence "Armed Services personnel shall give the necessary data to the Military Personnel Division, Personnel Office, for the preparation of vouchers and submission to the Fiscal Division."

2. It has always been general government and CIA policy that an individual traveler prepares his own travel claim. Assistance can be obtained from the traveler's administrative officer, the Travel Section of the Fiscal Division or the Military Personnel Division, as appropriate. Though the Military Personnel Division is interested in travel performed by members of the Armed Services, the CIA Regulations [redacted] P.P. A. CENTRAL INTELLIGENCE AGENCY REGULATION

16 September 1952

C. Per Diem

(a) (1) Except as otherwise provided in this regulation, civilian staff employees shall be authorized and paid per diem in lieu of subsistence while in a travel status in the continental United States in accordance with the provisions contained in the Standardized Government Travel Regulations and shall be authorized and paid per diem while in a travel status outside the continental United States in accordance with the provisions of the Foreign Service Travel Regulations and Bureau of the Budget Circular A-7.

(2) Military personnel (officers and enlisted men) shall normally receive the same rate of per diem as civilian staff employees when traveling under similar conditions. Per diem payments authorized for military personnel shall be in accordance with the provisions of the applicable regulations mentioned in paragraph C (a) (1) above and this regulation and/or the Joint Travel Regulations for the Uniformed Services, effective 1 April 1951. The Agency travel orders written to cover the travel of military personnel shall specify in each case the basic regulation governing the travel and the rate(s) of per diem authorized.

(b) For extended periods of temporary duty at the same post in the United States, the following schedule of maximum per diem rates shall apply:

(1) Newly recruited civilian personnel and military officers without dependents, on temporary duty at Washington enroute to their first overseas station, or placed on temporary duty at a point in the United States other than Washington for training or other official purposes, may be authorized per diem not in excess of the following rates:

The first 30 days @ \$9.00 per day

The next 90 days @ \$4.50 per day

The next 60 days @ \$1.50 per day

(2) Military enlisted personnel who are entitled to and are being paid allowances for separate quarters and rations and who are on temporary duty at Washington enroute to their first overseas station, or placed on temporary duty at a point in the United States other than Washington for training or other official purposes, may be authorized a supplemental per diem by the Agency in accordance with the following schedule in order to bring the total allowance of enlisted men up to the rate of per diem which would be authorized for civilian employees serving under similar conditions:

(c) Married man or single man with dependents living out and drawing separate rations. Agency per diem minus \$2.57 per day rations allowance.

(d) All other personnel, regardless of dependency status, who are on authorized temporary duty in the United States may be authorized per diem not to exceed the following rates:

The next 60 days @ \$3.00 per day

(e) Absence of ten days or less shall not be considered as interrupting the continuity of temporary duty at the same post.

(f) The following rules shall apply respecting the authorization or payment of per diem to Agency civilian or military personnel who use U. S. Government operated messing and billeting facilities while on temporary duty at a post or posts:

will receive subsistence and lodging while at the site without cost, they will not be authorized a per diem.

In such cases, the travel orders should stipulate that the individual is authorized per diem for the period spent enroute to and from the site and authorized actual subsistence and quarters while at the site.

(2) Whenever personnel are assigned to temporary duty at a training site or similar installation for a relatively long period (15 days or more) and it is known that they will be required to pay for their meals and/or lodgings, they should be authorized a per diem while at the site. However, the rate of per diem authorized should be based upon the actual costs which the individuals would be required to pay for such meals and/or lodgings.

(3) Personnel in a temporary duty status who use Government operated messing and billeting facilities intermittently and/or for short periods may be authorized an appropriate per diem up to the maximum allowable. In such cases, the individual shall pay to the Government facility such charges as may be levied for meals and/or quarters furnished and claim reimbursement from the Agency for the full amount of per diem authorized. However, if the Government installation furnishes meals and/or lodgings without cost, the

individual is required to make deductions on his travel reimbursement account for one-fifth of the rate of his per diem for each meal and/or lodging furnished without cost.

(d) Personnel traveling in areas where Government operated messing and billeting facilities are available to them are required to state on their travel reimbursement account that they did, or did not, use such facilities with or without cost.

(e) Per diem rates provided by Standardized Government and Foreign Service Travel Regulations represent the maximum rates allowable, not the minimum. It is the responsibility of Agency officials authorized to issue travel orders to see that travel orders authorize only such per diem allowances as are justified by the circumstances surrounding the travel. Officials authorized to issue travel orders will reduce the stipulated rates whenever available information indicates the maximum rates will exceed the necessary official expenses.

(f) Per diem in excess of the rates stipulated above for temporary duty in the United States, and per diem for continuous temporary duty in excess of 180 days either in the United States or overseas may be authorized only with the personal approval of the Deputy Director, Assistant Director, or Office Head concerned.]

SUBJECT: Establishment of Standard Per Diem Procedures

1. PROBLEM.--To provide a consistent policy and a standard procedure governing the authorization and payment of per diem in lieu of subsistence to staff employees of CIA, as requested by ADD/A memo dated 22 May 1952, attached hereto as TAB A.
2. FACTS BEARING ON THE PROBLEM.--The basic regulations governing the authorization and payment of per diem in lieu of subsistence to U. S. Government civilian and military personnel are as follows:
  - a. The Standardized Government Travel Regulations, which define per diem, regulate the conditions under which it can be paid, prescribe methods of computation, and establish maximum rates which may be paid in the United States.
  - b. The Foreign Service Travel Regulations, and Bureau of the Budget Circular A-7, which govern rates and payment of per diem to CIA employees outside the United States.
  - c. Joint Travel Regulations for the Uniformed Services effective 1 April 1951, which establish standards for payment of per diem to military personnel, but also provide that military personnel assigned to civilian agencies may travel and receive per diem, per the regulations of such agencies when the payments involved are equal to or in excess of those granted by the above mentioned military regulation.
  - d. Various Decisions of the Comptroller General of the United States, which modify or limit, by interpretation, the various regulations pertaining to the authorization and payment of per diem.

*Sept 8/52*

~~SECRET~~  
Security Information

The per diem in lieu of subsistence authorized and paid to CIA staff employees should be in accordance with the standards prescribed by, and within the maximum rates set by the above mentioned regulations. Since all of the above regulations are available in printed form for necessary distribution within the Agency there appears to be no necessity for physically reproducing; and incorporating; them into the Agency regulations, except by reference.

25X1A

3. DISCUSSION.--Attached hereto as TAB B is a proposed CIA regulation in the form of an amendment to CIA Regulation [REDACTED]. The purpose of this proposed regulation is to reference the basic regulations governing the payment of per diem to all CIA employees, and to make specific provision or establish specific limitations governing the payment of per diem to certain groups or categories of employees. In drafting the proposed regulation an attempt was made to combine therein the provisions already adopted in practice under the following listed regulations, agreements, and memoranda presently in existence:

25X1A

a. Attached as TAB C is a copy of the present CIA Regulation [REDACTED], Paragraph C, which sets forth the maximum per diem which may be paid to employees serving continuously in a TDY status at the same post in the United States.

b. Attached as TAB D is a memo dated 14 July 1949 which was concurred in by OSC, OPC, Personnel, and Finance, which provides maximum rates of per diem which may be paid to new employees while engaged in training and indoctrination duties in Washington or at other points in the United States before proceeding to their permanent overseas stations. It will be noted that the rates prescribed in TAB D are in some cases less than the maximum allowed by the present CIA Regulation [REDACTED]. Although TAB D was never formally incorporated into the CIA regulations it has been more or less consistently applied with respect to per diem payments made from unvouchedered funds to new employees hired by the covert offices for overseas duty.

c. Attached as TAB E is copy of a memo released by the Military Personnel Division prescribing rates of per diem for various categories of enlisted military personnel while they are in a TDY status in Washington en route to permanent overseas assignments.

d. Attached as TAB F are copies of various memoranda and instructions pertaining to the establishment of per diem and/or the furnishing of quarters and subsistence for employees assigned to the [REDACTED] Centers.

SUBJECT: Establishment of Uniform Policies and Rates for the Payment  
of Subsistence Per Diem from Confidential Funds

1. General

Pursuant to the provisions of Public Law 92 and CIA Administrative Instruction No. [REDACTED], your concurrence is requested to the adoption of the following uniform per diem policies and rates:

25X1A

2. Rates to be Paid

a. Employees in Washington on TDY enroute from place of residence (where hired) to permanent overseas posts shall be authorized per diem at the following rates:

Employees with Dependents

60 days @ \$9.00 per day  
60 days @ 6.00 per day  
60 days @ 3.00 per day

Employees without Dependents

30 days @ \$9.00 per day  
90 days @ 4.50 per day  
60 days @ 1.50 per day

No per diem will be authorized at rates in excess of the above or for periods in excess of 180 days of continuous domicile in Washington, D. C.; except upon the specific approval of the Assistant Director and after review of the extenuating conditions warranting further per diem payments.

b. Employees in Washington on TDY enroute from old overseas posts to new overseas posts; employees on official TDY in Washington who are to return to their official stations abroad; and employees stationed in the United States who are on TDY at points in the United States away from their official station, shall be authorized per diem at the following rates without regard to dependency status:

60 days @ \$9.00  
60 days @ 6.00  
60 days @ 3.00

No per diem will be authorized at rates in excess of the above or for periods in excess of 180 days continuous domicile at any one point in the United States, except upon the specific approval of the Assistant Director and after review of the extenuating conditions warranting further per diem payments.

c. Employees in a travel status outside the United States shall be authorized per diem at the maximum rates provided for in Bureau of the Budget Circular A-7 at the various points visited on TDY. Maximum per diem rates will be authorized for continuous TDY status at any one overseas point for a period of 60 days. Additional per diem will be authorized after review by the Assistant Director concerned, at rates warranted by the circumstances.

13 June 1952

MEMORANDUM TO: Operating Divisions  
FROM : Military Personnel Division  
SUBJECT : Payment of Per Diem to Enlisted Military Personnel

1. Agency military personnel are stationed PCS Washington in the military sense, regardless of actual location. The Agency therefore previously authorized the payment of per diem to military officers temporarily in the Washington area pending overseas shipment. Requests for payment of per diem to enlisted military personnel have been disapproved on the ground that these personnel draw military allowances for rations and quarters.

2. In order to insure equal treatment for enlisted military personnel, it has been decided that a differential between Agency per diem and the military allowances can be paid to enlisted men who otherwise meet the requirements for payment of Agency per diem. This determination has been approved by the Office of the General Counsel, Personnel Director, Chief, Finance Division, and Chief, Military Personnel Division.

3. The procedure to be followed will be similar to that currently in use for military officers. Individual memorandum requests will be submitted by the operating division to the Chief, Finance Division, through the Chief, Military Personnel Division. An extra copy should be included, marked for return to the operating division. This copy will serve the two-fold purpose of informing the division of the approval or disapproval of the request and also of showing the division the correct dates and category (see paragraph 4) to be used in preparation of the vouchers. The vouchers can be submitted directly to the Finance Division, but should not be submitted until the memorandum requesting per diem has been approved by the Military Personnel Division. It should be noted that this procedure refers only to those cases where per diem is requested on military personnel temporarily in Washington pending overseas transfer.

4. The following schedule of payments is authorized for enlisted men. This schedule is furnished for information only, as the Military Personnel Division will determine the proper category from the individual's pay records at the time of approval.

c. Married man or single man with dependents living out and drawing separate rations. Agency per diem minus .257 per day rations allowance.

5. Since pay records are not available on personnel no longer in the Washington area, no retroactive claims can be approved. Military Personnel will approve claims only from 1 June 52.

6. It is requested that these memorandums be submitted as soon as possible after the arrival of the individual in the Washington area. This will allow a determination of the proper payment while the pay records are still available, and will lessen the chance of military personnel incurring large debts while awaiting overseas shipment.

**Payment of Per Diem to Enlisted Military Personnel**

1. Your memorandum of 18 April 1952 requests authorization for payment of per diem allowance to enlisted personnel stationed temporarily in Washington pending overseas assignment.
2. The authority for the present practice of paying per diem to officers with PCS order to Washington, awaiting overseas assignment, is Confidential Funds Regulation [redacted] paragraph a. This same authority may be used for per diem payments to enlisted personnel so assigned except that the rations and quarters allowance cited in your memorandum are not considered part of the basic remuneration..
3. Therefore, it is determined that a differential allowance representing the difference between the enlisted allowance cited and the Agency per diem may be paid enlisted personnel stationed temporarily in Washington awaiting overseas assignment.
4. This differential allowance will be subject to standard service regulations for reductions by reason of government quarters furnished, and to CIA Regulation [redacted] and other applicable regulations on payment of per diem.

18 April 1952

Personnel Director, 200 North Building

Chief, Military Personnel Division

Payment of Per Diem to Enlisted Military Personnel

1. This Division has recently been requested to approve the payment of per diem to enlisted men assigned to the Agency. In addition to several specific requests, we have received a letter from FE requesting that these payments in general be authorized. The requests point out that per diem is authorized for civilians and military officers in the same or like situations. It is also pointed out that many enlisted personnel suffer financial hardship while temporarily stationed in the Washington area prior to overseas shipment.

2. Present policy allows the payment of per diem to military officers assigned PCS Washington for a short period pending overseas assignment. The agency, in these cases, considers the military PCS as TDY in nature. This Division has disapproved requests for payment of per diem to enlisted personnel, as these personnel draw some type of military allowance. If they have no dependents, for example, MDP places them on a separate military rations and quarters allowance totalling \$112.50 per month. Generally speaking, the enlisted man draws around \$3.75 per day, while the civilians and officers draw \$9.00. The military services have deemed this allowance adequate; however, the adequacy of \$3.75 per day in the Washington area is open to question.

3. In view of the possible hardship suffered by enlisted personnel, it is requested that this Division be authorized to approve a differential allowance between the enlisted man's military allowance and the regular Agency per diem.

1. PROBLEM

To establish and maintain mess facilities [REDACTED]

- a. Students (On TDY [REDACTED])
- b. Enlisted personnel not on separate rations
- c. Commissioned and enlisted personnel on separate

2. FACTS BEARING ON THE PROBLEM

- a. Reference (b) above authorizes mess facilities

- b. Reference (c) above approved expenditure of funds  
for rations during June (FY52); 225 rations per day,  
30 days, @ \$1.50 each ration, total allocation  
\$10,125. Adequate estimates are included in FY53  
budget for rations on the basis of anticipated  
student load during FY53. Estimates will be  
revised at the time FY54 estimates are submitted.

C  
O  
P

- c. Students on TDY [redacted] for training purposes would ordinarily be entitled to a per diem allowance; however, it is proposed that rations and quarters be furnished to them in lieu of such allowances.
- d. Enlisted personnel not on separate rations are entitled to rations without charge
- e. All other categories listed above ordinarily are required to pay an established rate for all meals consumed.

25X1A

### 3. DISCUSSION

The following are some of the principal factors to be considered in determining the type of mess facilities to be established in order to best serve the needs of the categories of personnel indicated in paragraph #1:

- a. Students receiving quarters and rations in lieu of per diem will contribute no financial support to the operation of the mess.
- b. Enlisted personnel not on separate rations will contribute no financial support to the operation of the mess.
- c. Frequent training operations requiring field mess facilities will create abnormal costs for which contributing employees could not be expected to pay. Because of these operations  $1\frac{1}{2}$  rations each student per day is required.
- d. In the absence of a comparable experience factor as a basis, it is estimated the direct cost of operation of a government operated mess will approximate \$10,000 monthly or \$120,000 annually. However, this direct cost will be partially off-set by savings affected administratively by students being furnished meals and quarters in lieu of a per diem payment. Fluctuation of student load and [redacted] ration charge will alter this cost.

25X1A

### 4. CONCLUSION

After full consideration and discussion with representatives of the Finance Division of all the aspects of the problem, it is believed that the establishment of a government operated mess is the most practical and efficient means of solving the messing requirements [redacted]

Administrative Procedure for Military Personnel Attending School  
 Reference: Memorandum 1 June 51 Subject: Administrative Procedure,  
 [REDACTED]

25X1A

1. Paragraph 1(g) of referenced memorandum authorizes quarters be furnished trainees at a rate of 60 cents per day and meals provided at a rate of \$2.00 per day.

25X1A

2. Enlisted military personnel with no dependents are paid a monetary allowance in lieu of rations and quarters in accordance with AR [REDACTED] where military facilities are not available to provide these requirements in kind. The enlisted men on duty with the Agency are paid the proper allowances at the end of each month.

25X1A

3. Therefore, it is recommended that enlisted personnel in a training status at your training center be charged for quarters and rations at the rates indicated above, and that collection be made from each individual immediately after each monthly pay day.

4. This action has been discussed as a matter of policy with Mr. [REDACTED] of Finance Division, a copy of this memorandum being sent to him for information.

SUBJECT: Proposed Amendment to Administrative Instruction [REDACTED]  
dated 6 January 1950

25X1A

1. It is recommended that Administrative Instruction [REDACTED] 25X1A subject - "Travel, Allowances and Related Expenses", under date of 6 January 1950, be amended to provide plane accommodations for children under two years of age in cases involving undue hardship on parents.

2. This can be accomplished by adding the following section to paragraph 1:

"i. Plane accommodations for children Under Two Years of Age.

In cases of undue hardship on parents incurred in the holding of children under two years of age on long journeys, seat accommodations will be furnished the children if desired by the traveler and set forth in the Request for Travel Order. The approval of a request by the initiating office will be deemed a certificate of necessity."

MEMORANDUM TO: Deputy Director (Administration)

25X1A

SUBJECT: Revision of CIA Regulation No. [REDACTED], Travel

1. The attached revision of CIA Regulation No. [REDACTED] incorporates the following changes: 25X1A

(a) Paragraph C(c) has been added to provide for payment of per diem to new employees while on temporary duty in the United States.

(b) The former paragraph C(c) has been relettered C(d) and has been revised to simplify the preparation of Travel Orders.

(c) Paragraph D, Local Personnel, except for the phrase "including natives and foreign nationals" is the same as paragraph C. in CIA Regulation No. [REDACTED]. This paragraph will be deleted from Regulation No. [REDACTED] as soon as other pending revisions have been coordinated. 25X1A

25X1A

2. Coordination has been effected as follows:

General Counsel	OPC
Comptroller	OSO
Auditor	OO
Personnel	Commo
Admin. Services	

(a) The General Counsel commented on the revision of payment of per diem in lieu of subsistence (1(a), above) and recommended addition of a statement to the effect that Travel Orders should specify the point of overseas duty in most instances. Such a statement has been added and coordinated with the General Counsel, OO, OSO, OPC and Commo by telephone.

(c) Comments received from Personnel, Administrative Services, Auditor and OO were made for purposes of clarification and have been included in the attached without further coordination.

3. Recommend approval.

1. We would like to see Section (C)(c)(1)(b) circumscribed to obviate some of the doubts that the Comptroller General might have about the sufficiency of the phrase, "Specifying the intent of the Agency to assign an individual to an overseas post." Travel Authorizations should specify the point of overseas duty in all instances save where the employee is a technician usable at various posts depending upon the need at the time he is cleared, such as those going into a communications pool.

2. Without some limitation the phrase is subject to abuse and might be used as a possible device for bringing the employee to Washington, expenses paid, and then losing "intent" to ship him overseas.

3. Section (C)(c)(3) might be amended to include for the purpose of clarity the following, "and his travel expenses to his point of temporary duty" after "will be required to refund any amounts paid to him for per diem." This is covered by Regulation [REDACTED] but the two could be tied together in the regulation under consideration without undue duplication.

~~CENTRAL INTELLIGENCE AGENCY REGULATION~~

## 1. TRAVEL (See Regulation No. [REDACTED])

25X1A

## A. Travel and Related Items

Travel and transportation expenses, and expenses incident thereto, including those incurred in the movement of dependents' household goods and personal effects may be paid to or on behalf of employees in accordance with the provisions of Public Law 600 - 75th Congress, Public Law 52 - 81st Congress, Public Law 630 - 81st Congress, Agency and other appropriate legislation, regulations issued thereunder, the Standardized Government Travel Regulations, the Foreign Service Regulations, and as specified in Agency Regulations.

## B. Travel Accounts

Travel vouchers must be submitted to the Fiscal Division upon completion of each trip or at the end of each calendar month in case of extended travel. Vouchers for travel authorized by Chiefs of overseas Missions shall be submitted to the appropriate Mission official for processing. Armed Services personnel shall give the necessary data to the Military Personnel Division Personnel Office, for the preparation of vouchers and submission to the Fiscal Division. Copies or regulations pertaining to travel may be obtained from the Fiscal Division in addition to advice as to the preparation and submission of vouchers.

## C. Per Diem and Mileage

- (a) Per diem and mileage rates provided under existing laws and regulations represent the maximum allowable. Officials authorized to issue travel orders will reduce the stipulated rates whenever available information indicates that the maximum rates will exceed the necessary official traveling expenses.
- (b) For extended periods of temporary duty at the same post in the United States, normally the following schedule of maximum rates shall apply:

First 60 days - \$9.00

~~RESTRICTED~~

25X1A

CENTRAL INTELLIGENCE AGENCY REGULATION

Second 60 days - \$6.00  
Third 60 days - 3.00

Absence of ten days or less shall not be considered as interrupting the continuity of temporary duty at the same post.

(e) Per diem payable to an employee incident to temporary duty travel abroad and to him and his immediate family/incident to travel abroad on permanent change of station, home leave, or travel to first post of duty, and return therefrom, shall be in accordance with applicable provisions of the Foreign Service Regulations.

(1) It is the policy of this Agency that where payment of travel expenses of dependents of employees is authorized and such dependents travel with the employee by the most economical usually traveled route, full reimbursement will be made from official funds for accommodations which will enable the employee and his dependents to be together provided accommodations furnished are the lowest first-class facilities available on the means of transportation used.

(2) In those cases where dependents accompany an employee on other than the most economical usually traveled route, the difference in cost of transportation must be borne by the employee.

CIA Regulation [REDACTED] is supplemented by the addition of the following after paragraph C(c)(2):

- (d) Individuals hired for overseas duty from a point outside the metropolitan area of Washington, D.C. may be authorized, in the order directing their travel, a per diem in lieu of subsistence while they are in a temporary duty status in Washington, D.C., or any other point in the U.S. except the place of appointment. Provided, there is documentary evidence of the intent of the Agency to assign the individual to an overseas post, and evidence of the intent of the individual to accept such an assignment. The Personnel Director shall be responsible for securing from the individual appropriate documentary evidence of the intent of the individual to accept an overseas assignment. The Request for Travel Authorization (initiated by staff or operating officials and concurred in by the Personnel Director, or his designee,) must contain a statement evidencing the intent of the Agency to assign the individual to an overseas post after completion of necessary indoctrination, training, and temporary duty in the U.S.
- (e) If the intents of the individual and the Agency are documented as indicated above, the following categories of individuals may be authorized a per diem, in accordance with Agency regulations, while in a temporary duty status in the U.S., en route to an overseas post:
  - (1) Individuals employed outside the metropolitan area of Washington, D.C. for assignment to a specifically designated overseas post.
  - (2) Individuals employed outside of the metropolitan area of Washington, D.C. and placed in a temporary duty status in a "Pool", provided, the individual has agreed without reservation to accept employment at any overseas post to which he is assigned, and provided further that the Agency intends to assign the individual to some overseas post, although the specific post of assignment has not been selected at the time of appointment.
- (f) The following categories of individuals may not be authorized a per diem:
  - (1) Individuals residing in the metropolitan area of Washington, D.C. at the time of appointment, notwithstanding

standing the fact that the individual is appointed for assignment to overseas duty.

- (2) Individuals employed for departmental (inside U.S.) positions, notwithstanding the fact that the individual may be assigned overseas at some future date.
- (3) Individuals employed and placed in a "Pool" if there are any questions of intent, reservations, or qualifying conditions on the part of either the individual or the Agency, as to overseas assignment.
- (g) If the original intent of the Agency is changed while the individual is in a temporary duty status in the U.S. and it is decided that the individual will be assigned to a departmental position, it is the responsibility of the supervising staff or operation official to immediately advise the individual of that intent and initiate a request for amendment to the individual's travel order to stop per diem accruals effective as of that date. Under those circumstances, and in cases of resignations considered by the Personnel Director or his designee to be in the best interests of the Agency in the conduct of its clandestine activities, the individual will not be required to refund any per diem previously paid to him in accordance with Agency regulations.
- (h) Individuals who resign for personal reasons before accepting overseas assignments, or individuals who refuse for personal reasons to accept overseas assignments, after having initially agreed to do so, will be required to refund any amounts paid to them for per diem while in a temporary duty status on the assumption that they would accept an overseas assignment.
- (i) Questions involving eligibility for per diem which are not covered by the above or other Agency regulations will be referred to the Personnel Director for administrative determination and/or to the General Counsel for legal decision.

NOTICE  
NO.

September 1951

SUBJECT : Annual Leave

25X1A REVISION: Notice No. [REDACTED] dated 15 May 1951

1. Section 601 of Public Law 197, 82nd Congress, approved on 31 August 1951, is quoted below:

"No part of the funds of, or available for expenditure by any corporation or agency included in this or any other Act, including the government of the District of Columbia, shall be available to pay for annual leave accumulated by any civilian officer or employee during the calendar year 1951 and unused at the close of business on June 30, 1952:  
Provided, That after July 1, 1951 no civilian officer or employee shall be entitled to earn annual leave at a rate in excess of twenty days per year: Provided further, That the head of any such corporation or agency shall afford an opportunity for officers or employees to use the annual leave accumulated under this section prior to June 30, 1952:  
Provided further, That this section shall not apply to officers and employees whose post of duty is outside the continental United States: And provided further, That this section shall not apply with respect to the payment of compensation for accumulated annual leave in the case of officers or employees who leave their civilian positions for the purpose of entering upon active military or naval service in the Armed Forces of the United States."

(Underscoring supplied)

2. Each employee whose post of duty is within the continental United States at the close of business on 30 June 1952 must use all annual leave accumulated during the calendar year 1951, prior to the close of business on 30 June 1952. If such leave is not taken, it must be forfeited.

3. Each employee affected by the above will be provided an opportunity by his supervisor to take the full amount of leave accrued during the calendar year 1951 prior to 1 July 1952. Leave will be scheduled in such a manner as to permit the continued, efficient conduct of business by each office and staff section of the Agency.

4. The above underscored portion of Section 601 does not apply to any employee whose post of duty is outside the continental United States at the close of business on 30 June 1952. Such employees will not be required to forfeit unused leave. A question exists with respect to the amount of annual leave which may be earned by an employee whose post of duty is outside the continental United States. However, until this question is resolved by the Comptroller General of the United States such employees shall also be limited to the twenty days per year maximum.

5. An employee who leaves his civilian position before 1 July 1962, for the purpose of entering upon active duty in the Armed Forces is entitled to receive a lump-sum payment for his accumulated and current accrued annual leave, or to have such leave remain to his credit, whichever he may elect.

6. These restrictions do not affect leave accrued prior to 1 January 1960 which may continue to be carried over, provided that the maximum total under existing law is not exceeded.

7. Attention is also invited to paragraph C(5), CIA Regulation No. [REDACTED] which states Agency policy relative to annual leave.

# Office Memorandum • UNITED STATES GOVERNMENT

TO : Acting Deputy Director (Administration)  
FROM : Advisor for Management  
SUBJECT: Work Week.

DATE: 12 June 1951

1. In accordance with your instructions, all of the Assistant Directors and Office Chiefs have been contacted and asked to express their views as to what they consider the most desirable work week for CIA. These conferences resulted in five plans being offered, as indicated on the chart (Tab A).
  2. a. Plan No. 1 indicates no change desired.
  - b. Plans Nos. 2 and 3 are exactly the same, except the Plan No. 3 indicates the Agency will be open 4½ hours.
  - c. Plan No. 4 is a straight 44-hour work week, all employees working Monday through noon Saturday.
  - d. Plan No. 5 is a 9-hour day, 5-day week.
3. In summary, I would say that the consensus is as follows:
  - a. That the Agency should work more than 40 hours a week, and that the Agency should be officially open Monday through noon Saturday, with each office head permitted to utilize the number of people necessary to the accomplishment of his mission, but consistent with the workload on hand as he determines it each week.
  4. Also, Tab B, lists some of the complications each plan would cause - omitting the good points. Tab C summarizes the opinions of the Assistant Directors, except OIC.

~~CONFIDENTIAL~~TAB BSOME DISADVANTAGES TO PLANS OFFERED

(No advantages shown)

Plan No. 1

This plan is actually in existence by Regulation. A check by this office indicates that it is not being followed. In either event, however, it is an inefficient plan inasmuch as the operating steps are divided presumably evenly on alternate weekends, which means that continuity of work is greatly retarded.

Plan No. 2

No known objections, except that it conflicts with the General's stated policy that the Agency should be open for business for more than 40 hours a week.

Plan No. 3

This is substantially the same as Plan No. 2, except that it does provide that each office will be open for business through noon Saturday. This means, of course, that CIA is officially open for business through noon Saturday.

Plan No. 4

Provides a straight 44-hour week. Some employees will undoubtedly leave the Agency to secure employment where the 40-hour week is in effect. While some employees like to earn overtime pay, they would have no latitude as to when they earn overtime pay, even though such a system is voluntary.

An employee must actually make a greater effort to get to work each Saturday morning, such as rising earlier due to transportation difficulties. The Washington transportation system does not operate express buses on Saturdays. For example, a person living in northwest Washington in the vicinity of Walter Reed Hospital can reach CIA in approximately 40 minutes during the week, but on Saturdays the same person will travel approximately 60 minutes to reach CIA. The same is in reverse for getting home.

Plan No. 5

While this plan provides a 2-day weekend each week, this system would also meet with transportation difficulties, if the hours are 8:30 to 6:00. It would probably be less difficult if the hours were 8:00 to 5:30; very little difference if 7:30 to 5:00. (OPC insisted on hours of 8:30 to 6:00.) These hours would be difficult, particularly

with married couples, both of whom work, and who must shop for food. Many such couples also have children, for whom it might be difficult to get care beyond 5:30. People riding in car pools of other agencies would probably lose that benefit.

TO : Deputy Director (Administration)  
FROM : Advisor for Management  
SUBJECT: Work Week.

DATE: 5 June 1951

1. Existing Agency Regulations state that Agency hours of work will be from 0830 hours until 1700 hours, Monday through Saturday. "Office heads will arrange Saturday schedules so that individual employees will normally be required to work only 88 hours per pay period."

2. In accordance with your instructions, I have contacted all the Assistant Directors who made substantially the comments indicated below. As you will note, these comments were referred to the Assistant Directors or their representatives for initials and any amendments they wished to make. (In each case the Assistant Director was then asked, where appropriate, to justify his comments if he were asking for a shorter work week and at the same time for an increase in T/O.)

OSO: \*\*\* as long as the present emergency exists, the work week should be 44 hours and all employees should work together during that time. Does not favor present procedure wherein the work week requires half of the staff be present each Saturday \*\*\*. As soon as the emergency is lessened, the Agency should revert to a 40-hour work week.

*G.G.C.*  
UNLESS IAC GOES ON →

*OK  
J.W.M.*  
ONE: Assistant Director stated: \*\*\* five days are enough, but that for any number of hours all personnel should be on hand at one time. Other agencies are closed and it is their experience that they are unable to make even phone calls to most other agencies. Felt that it was entirely possible that this Agency might have to go on a six or even a seven-day work week, but that our people should have as much rest as possible prior to emergency situations. Stated further that all of the above is with the knowledge that he works Saturdays or Sundays with as many people as needed whenever the situation demands, such as flash estimates, etc., and presumed that this would be the case in any work week. (T/O increase not applicable.)

ODC: Wishes to continue on present basis. Does not want a straight five-and-a-half-day week. With hot weather coming,

wishes to use his latitude of letting off all personnel possible on Saturday.

25X1A

OSI: Mr. [REDACTED] acting for Dr. Chadwell: \*\*\* believes we should work all at one time. While other agencies are not working Saturdays and with warm weather coming, believes 44-hour work week should be maximum, not 48 hours. Believes the Agency should be in a closed status except for coverage as of noon Saturday. OSI can use full T/O on 44 hours a week.

OSI  
RRC

OCI: Likes present system, particularly in view of the fact that they are publishing certain documents on Saturday afternoons, and feels they would require a system now in effect to continue such publications.

*B.D.*

ORR: Assistant Director likes present system. Feels that the extra hours on Saturday are ideal to provide some peaceful working hours for key employees to do thinking and to catch up on items which backlog during the normal work week. Does not like a straight 44-hour work week.

*G.H.J.*

OIC: Not contacted.

25X1A

25X1A

OPC: Mr. Hulick quoted [REDACTED] as saying they desire a five-day week, 9 hours a day, 8:30 until 6:00; not a five-and-a-half-day work week, and not a split Saturday program now in effect. Believes that their employees would prefer this system. Mr. [REDACTED]

25X1A

25X1A

[REDACTED] is worried that his key people are over-working and not getting sufficient time off to assure maximum return for work expended. This system would provide for a two-day weekend. SUBJECT: The 44-hour Workweek.

This will confirm our conversation with the AD/SO on 29 May 1951 regarding the length of the workweek in CIA. The AD/SO stated that, as long as the present emergency exists, he believes that the workweek should be 44 hours and that all employees should work together during that time -- in other words, he does not favor the present procedure wherein the workweek is 44 hours but half of the staff are absent on each Saturday. He further stated that, as soon as the emergency is lessened and the workload commences to let up, the Agency should revert to a 40-hour week.

 SUBJECT: Annual Leave

DATE: 20 September 1951

25X1A

1. Effective 1 July 1951, the designated sections of CIA Regulation No. [REDACTED] should be changed to read substantially as follows:

25X1A

## "C. Annual Leave

(1) Permanent employees are entitled to 20 work days of annual leave with pay for each calendar year of Government service which shall accrue at the rate of 6 hours per bi-weekly pay period with an additional 4 hours for the last full bi-weekly pay period in the calendar year. (For the calendar year 1951, the additional accrual for the last bi-weekly pay period shall be 2 hours.) The minimum credit of annual leave is 1 hour and additional credits are in multiples thereof. Permanent employees who enter on or separate from duty on other than the first or last work day of the bi-weekly pay period accrue leave in accordance with the following schedule:

<u>BASIC WORK DAYS</u>	<u>HOURS CREDIT</u>
1	1
2	1
3	2
4	2
5	3

(2) Part-time employees, for whom there has been established a regular tour of duty covering not less than 5 days in any administrative work week, will accrue 1 hour annual leave for every 13 hours in pay status and 1 hour of sick leave for every 17 hours of duty.

(3) Temporary employees earn 1 2/3 days annual leave for each full continuous month of service; however, no annual leave accrues for a fractional service month. The minimum charge for annual leave is 1 hour and additional leave will be charged in multiples of 1 hour."

1. It is requested that the attached Notice be reproduced and distributed in order to inform all Agency employees of the effects of the statutory changes respecting the accrual and accumulation of annual leave as provided by Section 601 of Public Law 137, 82nd Congress, approved 31 August 1951.

2. We have informally discussed this release with a member of the office of the General Counsel and believe that the attached notice is correct. However, in view of the technical legal questions which have arisen concerning the retroactive provisions of this Act, and the third proviso of Section 601, it is suggested that the final draft of the attached Notice be submitted to the General Counsel for concurrence before release.

SUBJECT : Annual Leave

RESCISSION: Notice No. [redacted] dated 15 May 1951

25X1A

1. Section 601 of Public Law 137, 82nd Congress, approved on 31 August 1951, is quoted below:

"No part of the funds of, or available for expenditure by any corporation or agency included in this or any other Act, including the government of the District of Columbia, shall be available to pay for annual leave accumulated by any civilian officer or employee during the calendar year 1951 and unused at the close of business on June 30, 1952:  
Provided, That after July 1, 1951 no civilian officer or employee shall be entitled to earn annual leave at a rate in excess of twenty days per year: Provided further, That the head of any such corporation or agency shall afford an opportunity for officers or employees to use the annual leave accumulated under this section prior to June 30, 1952: Provided further, That this section shall not apply to officers and employees whose post of duty is outside the continental United States: And provided further, That this section shall not apply with respect to the payment of compensation for accumulated annual leave in the case of officers or employees who leave their civilian positions for the purpose of entering upon active military or naval service in the Armed Forces of the United States."

(Underscoring supplied)

2. Each employee whose post of duty is within the continental United States at the close of business on 30 June 1952 must use all annual leave accumulated during the calendar year 1951, prior to the close of business on 30 June 1952. If such leave is not taken, it must be forfeited.

3. Each employee affected by the above will be provided an opportunity by his supervisor to take the full amount of leave accrued during the calendar year 1951 prior to 1 July 1952. Leave will be scheduled in such a manner as to permit the continued, efficient conduct of business by each office and staff section of the Agency.  
*(See CIA Reg.)* [redacted]

4. The above underscored portion of Section 601 does not apply to any employee whose post of duty is outside the continental United States at the close of business on 30 June 1952. Such employees will not be required to forfeit unused leave. A question exists with respect to the amount of annual leave which may be earned by an employee whose post of duty is outside the continental United States. However, until this question is resolved by the Comptroller General of the United States such employees shall also be limited to the twenty days per year maximum.

5. An employee who leaves his civilian position before 1 July 1952, for the purpose of entering upon active duty in the Armed Forces is entitled to receive a lump-sum payment for his accumulated and current accrued annual leave, or to have such leave remain to his credit, whichever he may elect.

6. These restrictions do not affect leave accrued prior to 1 January 1950 which may continue to be carried over, provided that the maximum total under existing law is not exceeded.

25X1A

7. Attention is also invited to paragraph C(5), CIA Regulation No. [REDACTED] which states Agency policy relative to annual leave.

SUBJECT:

DATE: 11 September 1951

1. Section 601 of the "Independent Offices Appropriation Act, 1952"  
(Public Law 137 - 82nd Congress) reads as follows:

"Section 601. No part of the funds of, or available for expenditure by any corporation or agency included in this or any other Act, including the government of the District of Columbia, shall be available to pay for annual leave accumulated by any civilian officer or employee during the calendar year 1951, and unused at the close of business on June 30, 1952: Provided, That after July 1, 1951, no civilian officer or employee shall be entitled to earn annual leave at a rate in excess of twenty days per year: Provided further, That the head of any such corporation or agency shall afford an opportunity for officers or employees to use the annual leave accumulated under this section prior to June 30, 1952: Provided further, That this section shall not apply to officers and employees whose post of duty is outside the continental United States: And provided further, That this section shall not apply with respect to the payment of compensation for accumulated annual leave in the case of officers or employees who leave their civilian positions for the purpose of entering upon active military or naval service in the Armed Forces of the United States."

2. It is noted that this section provides that annual leave accumulated during the calendar year 1951 must be used by the close of business June 30, 1952 or it shall be forfeited.

3. It should also be noted that annual leave subsequent to 1 July 1951 shall not be earned in excess of 20 days per year. In view of the fact that two months of the fiscal year elapsed prior to the passage of this Act, the legality of the section may be challenged. However, for purposes of CIA Regulations, annual leave based on 20 days should be considered to be the law.

SEP 13 1951

- 2 -

4. It should be noted that the above provisions shall not apply to employees whose post of duty is outside the continental United States at the close of business on 30 June 1952. (See CIA Notice [redacted])

25X1A

5. Any CIA Regulation issued in compliance with this section should note that the law provides that the head of an agency shall afford an opportunity for employees to use the annual leave accumulated during calendar year 1951 prior to June 30, 1952.

6. Copies of this Act have been furnished the Comptroller who is drawing up the basic regulation.

7 September 1951

**TITLE 5—ADMINISTRATIVE PERSONNEL**

**Chapter I—Civil Service Commission**

**PART 30—ANNUAL AND SICK LEAVE REGULATIONS**

**MISCELLANEOUS AMENDMENTS**

1. Paragraphs (a), (b) and (d) of § 30.201 are amended to read as follows:

§ 30.201 *Accrual of annual leave.* Beginning July 1, 1951, annual leave shall accrue and be credited to employees as follows:

(a) *Full-time employees.* (1) Permanent full-time employees shall earn annual leave of twenty days a calendar year, which shall accrue at the rate of three-fourths of one day per bi-weekly pay period, with an additional one-half day for the last full bi-weekly pay period in the calendar year: *Provided*, That for the calendar year 1951 the additional accrual for the last bi-weekly pay period shall be one-fourth day. The total credit of twenty days may be given at the beginning of the calendar year, or the appropriate accrual may be credited each pay period until the total of not more than twenty days in the calendar year is reached.

In computing annual leave accruals for less than a complete bi-weekly pay period, the table given below will govern in determining leave accruals for basic eight-hour work days in five-day work weeks. Fractions of work days shall be disregarded.

Basic work days:	Hours credit
1-----	1
2-----	1
3-----	2
4-----	2
5-----	3

(2) Temporary full-time employees shall earn and be credited with annual leave of one and two-thirds days for each full continuous month of service.

(b) *Part-time employees.* (1) Permanent part-time employees for whom there has been established a regular tour of duty covering not less than five days

in any administrative work week shall earn and be credited with one hour of annual leave for each thirteen hours in a pay status, any hours in excess of forty in any administrative work week to be disregarded.

(2) Temporary part-time employees for whom there has been established a regular tour of duty covering not less than five days in any administrative work week shall earn and be credited with one hour of annual leave for each thirteen hours in a pay status during each full continuous month of service. Any hours in excess of forty in any administrative work week shall be disregarded.

(d) The minimum accrual and credit for annual leave shall be one hour, and additional accruals and credits shall be in multiples thereof, except as a fractional hour's accrual is required at the end of the month of service for a full-time temporary employee.

2. Section 30.403 is amended to read as follows:

§ 30.403 *Nonpay status.* Effective July 1, 1951, whenever a permanent full-time employee's absence in a nonpay status within a calendar year totals the equivalent of the base-pay hours in one-biweekly pay period, the credits for annual leave shall be reduced three-fourths of one day and for sick leave five-eighths of one day for each such period. The total deductions in sick leave credits on account of nonpay status in any one calendar year shall not exceed fifteen days: *Provided*, That any employee who is in nonpay status for a full calendar year shall receive no annual or sick leave accrual for such calendar year.

1. This office has no legal objection to the proposed revision of the above regulation.

MEMORANDUM

30 January 1952

TO : All Administrative Officers  
 FROM : Comptroller  
 SUBJECT: Requests for Approval of Overtime

25X1A

1. Reference is made to Agency Regulations [redacted] Sections, A, Q, R and V(1)(c), and [redacted] concerning overtime and holiday work. The purpose of this circular is to issue revised instructions simplifying the present procedure for requesting approval for work in excess of 40 hours per week.

25X1A

2. Advance approval for overtime must be secured from the Finance Office for all continental U. S. employees. Requests for both vouchered and unvouchered employees should hereafter be forwarded to the Budget Division, using separate forms for each. Approval is also required if compensatory time is to be granted in lieu of payment for overtime. Request for approval for holiday work must be submitted on a separate form with complete justification for such requirements.

3. In order to reduce to a minimum the workload required of requesting offices, the following changes in the existing procedure have been effected:

a. A single request may now be submitted to cover up to four pay periods in advance. In those instances where it is not possible to forecast normal overtime requirements four pay periods in advance, an estimate may be submitted for a lesser number of pay periods. It is necessary that the request clearly indicate requirements broken down by the pay period covered by the request.

b. Only the estimated number of employees and the estimated number of hours required for overtime work need be shown. Information concerning grade and title of employees is omitted except as a part of the justification as indicated below.

c. The listing on a copy of Form No. 32-3 of the names of persons actually performing overtime and hours worked will no longer be required. Such information will be secured by the Payroll Branch from the "Time and Attendance Report."

4. The present Form 32-3, "Request for Approval of Overtime," will be revised in accordance with the simplified procedure. The old form should continue to be used until the present supply is exhausted, but its use should be modified to reflect only the information required under the new procedure.

5. It is recognized that the information under "Estimated Hours and Number of Employees" is an estimate, but it is urged that each office review overtime requirements carefully in order to develop as accurate a forecast as possible. Consideration should be given to anticipated variations in workload, personnel leave schedules, and other factors which may cause fluctuations from pay period to pay period. If it appears necessary to increase an estimate already approved by the Finance Office, a supplemental request should be submitted.

6. Under the simplified procedure, it becomes even more important that requests indicate, concisely but adequately, the reasons why overtime is necessary to meet the requirements of the respective offices. Justifications should clearly state the purpose for which overtime is to be used, in general the type of personnel involved, and the reason why the work cannot be completed during normal working hours.

7. In addition to a copy to be retained by the Budget Division, a copy of Form 32-3 should be prepared for each pay period listed on the Form. This will permit returning to the requesting office sufficient approved copies in order that a copy may be forwarded to the appropriate Payroll Branch of the Finance or Fiscal Division with each set of time and attendance reports for the applicable period.

# Office Memorandum • UNITED STATES GOVERNMENT

25X1A      TO : [REDACTED] Advisor for Management      DATE: NOV 6 1951  
FROM : General Counsel  
SUBJECT: Revision of CIA Regulation No. [REDACTED]

25X1A

25X1A      1. Subsection 4 of Section K, entitled "Military Leave" of the proposed CIA Regulation [REDACTED] provides in part: "Employees directed by a local draft board or a reserve unit of the Armed Forces to report for physical examination will be granted leave with pay for the required period, not to exceed eight hours."

2. Section K-4 as proposed, is evidently an adaptation of the amendment of June 26, 1951, to the Federal Personnel Manual. This provision states: "Agencies shall grant leave of absence to employees for the purpose of entering, determining physical fitness to enter, or performing training duty in the Armed Forces of the United States." (ZL-375, Section 35.2 (b))

Note that no mention is made of what type of leave shall be granted. This may be attributed to the fact that this language was in turn adopted almost verbatim from Public Law 51, Section 9(g)(3), which, referring to employees in general states: "Any employee ... shall be granted leave of absence by his employer for the purpose of being inducted into, entering, determining his physical fitness to enter ... the Armed Forces of the United States."

3. Federal Personnel Manual (LI-7) provides that "military leave of absence with pay is granted for the purpose of training prospective member of the Armed Forces for active duty." Military leave "with loss of pay, time, or efficiency rating" is granted for specific periods, duties and based upon specific statutory authority which are enumerated in detail. Nowhere is express authority to grant military leave to "employees directed by local draft boards to report for physical examination." Mr. Herman C. Davis in the office of the Civil Service Commission which drafted the amendment referred to above, states that to give military leave for the leave of absence mentioned in the amendment would be "100% wrong" as military leave has a specific meaning. We are obliged to concur in this opinion.

4. If military leave cannot be granted for this purpose the question arises as to whether or not another type of compensatory leave may be granted. Speaking to several officials

within the Agency it has been found that the policy in this respect in the past has not been clear. Some offices grant "administrative leave," others annual leave, perhaps still others leave without pay. Mr. Davis suggested that those who have in the past granted annual leave for this purpose would be on safer grounds as far as the Comptroller General is concerned, if they continued this practice rather than granting "administrative leave." "Administrative leave" in the Federal Personnel Manual is likewise granted for specific purposes among which no mention is found of leave for physical examinations for the purpose of entering the Armed Forces.

5. We suggest that since the amendment to the Federal Personnel Manual which initiated the proposed revision in our regulations, does not state what type of leave is to be granted or whether it is to be with or without pay, that the question will eventually be referred to the Comptroller General. Unless administrative policy determines that we would not object to being the one who has to plead this case to the Comptroller General, we should, until such time as a determination is made, grant annual leave or leave without pay for this purpose. We should definitely not grant "military leave" for this purpose.

6. Section K(2) of the proposed draft provides "members of the National Guard will be granted military leave with pay without charge to annual leave on all days of service to which they are ordered by competent authority." This terminology is vague and could be construed as granting military leave with pay to members of the National Guard during the entire time a National Guard unit was called into active service. We are not worried about this happening since the Comptroller General in 20 Comp. Gen. 150 stated, "all military leave of absence with pay is limited to periods of annual training as distinguished from active duty." We fail, however, to see the purpose in supplementing K(1) with K(2) which apparently covers the same situation with preferred terminology.

7. We suggest, therefore, that Section K(2) be omitted and that Section K(1) be amended to read as follows:

"Military leave for training purposes only (or  
for parade or encampment duty with the National  
Guard of the District of Columbia), not to exceed

MEMORANDUM FOR: Deputy Director (Administration)

25X1A SUBJECT : Revision of CIA Regulation No. [REDACTED] Time, Leave and Pay.

25X1A 1. The revision of CIA Regulation No. [REDACTED] was requested by the Comptroller's Office.

(a) Simplify the procedure for Time and Attendance reports submitted on behalf of consultants.

(b) Provide for granting leave without charge to annual or sick leave to employees directed by local draft boards to report for physical examinations.

2. Revised drafts were submitted to the following Offices and with the exception of OO and General Counsel all have concurred without comment.

## Concurrences:

Comptroller	OSO
Admin. Services	OPC
Commo	OSI
Personnel	OCI

3. The General Counsel and the Office of Operations both commented on the present provision granting military leave for members of the National Guard. Upon receipt of his memorandum of 6 November, the General Counsel's Office was again contacted and it was ascertained that members of the National Guard of the District of Columbia will be granted military leave in addition to the standard 15 days allowed for training purposes for parade or encampment duty. The attached draft has therefore been revised accordingly.

4. General Counsel's comments regarding leave for personnel requested to report to draft boards for medical examinations is being made the subject of separate memorandum.

5. Recommend approval of the attached.

CENTRAL INTELLIGENCE AGENCY REGULATION

(2) Two copies or extracts of the Armed Services orders will be given to the appropriate Time and Attendance Clerk to be submitted with the first Report showing military leave. If leave extends beyond that reporting period, additional military leave should be reported on subsequent Form No. 34-42 and a reference made to the first Report submitted.

(3) Time and Attendance Clerks will include under "Remarks" on Form No. 34-42 inclusive hours of holiday, overtime or compensatory time worked by each employee. A statement should also be made as to the period during which lunch was observed.

(4) When night differential is claimed, Form No. 34-42 must indicate the employee's tour of duty.

(5) Correspondence pertaining to unauthorized absence must be furnished the Finance Office in support of Form No. 34-42 on which AWOL is reported.

(6) Time and Attendance Reports submitted on behalf of experts or consultants employed under Personal Service Contracts must reflect actual hours worked. [ ] The following certification will be signed by the expert or consultant on the reverse of the Time and Attendance Report:

"I certify that for the days covered by this report, during which I was employed, I have not received nor will I claim compensation from any other Government Agency, unless otherwise noted."

## V. Designations

(1) Office heads will submit to the Finance Office on Form No. 34-35 separate lists of persons authorized to:

- Receive and distribute salary checks.
- Certify the correctness of, and submit Time and Attendance Reports.
- Request approval of compensatory time or overtime to be worked.

(2) Items under (a) and (b), above, will be forwarded to the Fiscal Division, Finance Office; items under (c), above, will be forwarded to the Budget Division, Finance Office.

(3) The above lists must be kept current at all times.

## W. Native and Foreign National Employees

This Regulation should be used for administering leave and payments to native and foreign national employees at overseas installations insofar as it is not inconsistent with local laws and practices. Any deviations required by local law or practice must be reported to the Finance Office and approval obtained before action is taken. Such report must furnish recommendations and a copy of the applicable law or regulation.

- (3) Form No. 37-3 will be initiated by Offices when LWOP for 60 or more calendar days is recommended for approval. Standard Form No. 50, Notification of Personnel Action, will be issued when such leave or an extension or renewal thereof is approved.
- (4) Employees who are granted an extended period of LWOP (60 days or more) will, prior to the beginning of such leave, execute Form No. 34-30.

K. Military Leave

- (1) Military leave for training purposes only, not to exceed 15 calendar days in any one calendar year, will be granted with pay without charge to annual leave to members of reserve components of the Armed Services of the United States. Saturdays and Sundays will be included in the 15 calendar days leave period only when such leave includes the preceding Friday and the following Monday.
- (2) Members of the National Guard of the District of Columbia will, in addition to K(1), above, be granted military leave with pay when ordered by competent authority to report for parade or encampment duty.
- (3) Applications for military leave will be processed in the same manner as applications for advanced annual leave.

L. Court Leave

- (1) A permanent employee who attends court as a witness on behalf of the United States or the Government of the District of Columbia, or for jury duty, in a State, District of Columbia, or Federal Court, is entitled to his regular pay while absent from duty, and no charge for leave is made. Evidence of attendance at court and evidence of receipt or non-receipt of fees are required. Applications for court leave will be processed in the same manner as applications for advanced annual leave.
- (2) It is Agency policy to encourage jury service wherever possible without serious interference with Agency operations. An official Agency request for an excuse from jury duty will be made only on the basis of unusual pressure of work, security of operations, or other adequate official reasons. Except for security of operations, normally a postponement rather than an excuse from duty will be made. Requests for excuse from jury duty or postponement will be forwarded through the Office head concerned to the General Counsel for action.
- (3) Annual leave or LWOP will be granted when an employee is absent from duty because of private litigation.
- (4) An employee may be granted court leave if the value of his testimony rises from his official capacity.

1. Subsection U. (6) of the subject Regulation reads, in part, as follows:

"Time and Attendance Reports submitted on behalf of experts or consultants employed under Personal Service Contracts must reflect actual hours worked and be certified by the Office head supervising the expert or consultant. \* \* \*" (Underscoring supplied)

2. It is recommended that the quoted Subsection be revised to the extent of deleting the underscored portion. This recommendation is based upon the thought that a person designated by the Office head to certify the correctness of, and submit Time and Attendance Reports, under Subsection V. (1)(b) of the subject Regulation, should be qualified to certify Reports submitted on behalf of experts or consultants as well as other personnel of the particular Office. Also, it would appear that knowledge as to attendance, rather than position or salary, is the principal requirement of the person certifying Reports.

3. Adherence to the quoted Subsection has necessitated returning Time and Attendance Reports to the submitting Office since they were not certified by the Office head, even though signed by a person designated by him to certify Reports submitted on behalf of regular personnel of his Office. The revision recommended above would relieve this situation.

## Official Leave:

Leave of Absence for purpose of determining physical fitness to enter the Armed Forces of the United States will be granted under the following conditions:

(1) Employees directed by either a local draft board or a reserve unit of the Armed Forces to report for a physical examination may be excused without charge of annual or sick leave for the required period, not to exceed 8 hours. Time in excess of 8 hours will be charged to annual leave or leave without pay as applicable.

1. The attached revision of CIA Regulation No. [REDACTED] together with proposed CIA Regulation No. [REDACTED] represents a new procedure for recording postage stamp activities, to become effective 1 April 1952. This procedure was developed jointly between this Office and the Comptroller's Office and is designed to eliminate unnecessary reports and minimize the work load required for maintaining adequate records.

2. Offices currently using postage stamps have been contacted and are in agreement with the new procedure since it eliminates the necessity of their submitting quarterly detailed reports.

3. Formal approval has been obtained on behalf of the following:

Comptroller  
 Auditor-in-Chief  
 Assistant Deputy (Inspection & Security)  
 General Counsel (no legal objection)

4. There is also attached proposed CIA Notice No. [REDACTED] which calls attention to the new postage stamp procedures and requires retiring Postage Stamp Custodians to transfer stamps on hand as of 31 March 1952 to the Chief, Central Mail Room.

5. Recommend approval.

P.S. Major simplification is effected by accounting for postage stamps by total value rather than by each denomination and by eliminating cumbersome quarterly reports. Relative to the latter, you will note the Auditor-in-Chief agrees to the new procedure.

In accordance with your request, the following comments with respect to the postage stamp procedure proposed in the attachment are submitted:

The procedure appears unnecessarily cumbersome and burdensome considering what is involved. While the requirements of the various offices in this connection are not definitely known, it is understood that in most instances they are nominal. Accordingly, should not stamps be issued upon requisition by office and division chiefs in a manner similar to office supplies which involve a far greater value and, often, equal susceptibility of diversion? It is suggested that such requisitions be certified as to necessity for use in the Government service, and that custodial arrangements be made the responsibility of the requisitioning official who should limit distribution within his office to a minimum of strategically located individuals.

SUBJECT: Proposed Notice: Departmental Stamp Custodian

1. We are returning the above notice and procedure without action, at the request of Mr. [REDACTED] the originator, because the following pertinent information cannot be furnished at this time:

25X1A

a. Why postage is necessary instead of franked mail in cases where disclosure of CIA as the addressee is immaterial;

b. Postage is presumably required in those cases where Agency identification is not to be disclosed or it is desired to limit knowledge of the addressee. In such cases, it would appear inadvisable to route letters to a central mail room for postage.

2. Perhaps the solution to your problem is the establishment of a stamp fund in the various offices to be renewed at periodic intervals. But without more enlightenment, we are unable to give any opinion one way or the other.

## 7. CLAIMS FOR LOSS OF PERSONAL PROPERTY

## A. Claims Board.

(1) Persons serving CIA outside the continental limits of the United States may submit claims for personal property damaged, lost, destroyed, captured or abandoned due to emergencies or other special circumstances directly related to service with CIA, but not due to normal travel occurrences or local conditions. Claims will be considered by the CIA Property Survey Board. (See paragraph E.(2), Regulation [REDACTED])

25X1A

## B. Authority.

(1) The Claims Board shall consider all personal property claims and shall determine whether a claim is covert or overt.

(2) Approved claims involving a security factor will be paid from confidential funds. (See paragraph 10.3 CFR)

(3) Approved claims not involving a security factor must be submitted to Congress through the Office of the General Counsel on an individual basis.

## C. Persons Who May Submit Claims.

(1) Only those persons in the following categories of personnel may submit claims under this regulation:

- Staff employees.
- Staff agents.
- Career agents.
- Agents, insofar as their contracts permit.
- Detailed or assigned personnel.
- Consultants.

## D. Reasonableness of Claim.

(1) Claims are payable under the provisions of this regulation only to the extent that possession of the property, both as to type and quantity, shall be considered by the Claims Board as reasonable, useful, necessary or proper under the attendant circumstances.

- (a) In making this determination, the Claims Board may take into consideration an individual's recreational desires, the nature of his duties with the Agency, and any other factors which may be of assistance.
- (b) In determining whether possession of property was reasonable, useful, necessary or proper, the Claims Board shall not conclude, simply because a claimant was permanently assigned to an overseas station, that he may be reimbursed for loss of all his property. The Claims Board shall follow the general principle that an employee may possess any type or amount of property he may desire; but, in order to be reimbursed for loss, possession of the property must be reasonable, useful, necessary or proper.

## E. Procedure.

- (1) Claims will be submitted through normal channels to the appropriate Office head who will forward all necessary information and his recommendation to the Claims Board.

## F. Contents of Claim.

- (1) Each claim submitted to the Claims Board shall include:
  - (a) Name and CIA unit of claimant.
  - (b) The date, place, facts and circumstances surrounding the damage to or loss, destruction, capture or abandonment of the personal property.
  - (c) A statement that the damage, loss, destruction, capture or abandonment was not caused in whole or in part by any negligence or wrongful act on the part of the claimant, or his agent or employee.
  - (d) A statement that none of the property has been recovered by the claimant, and that if any of the property for which claim is made is later recovered, claimant agrees to give immediate written notice to the Claims Board, and also to refund any payment made by CIA for such property.
  - (e) A statement that the damage, loss, destruction, capture or abandonment was or was not covered by insurance. If covered by insurance, and the insurance company has refused to reimburse the claimant, satisfactory evidence of such refusal must accompany the claim.
  - (f) If a carrier is involved in the damage, loss, destruction, capture or abandonment, the claim must include a statement that a claim has been asserted against the carrier, with the result thereof, or sufficient reason why such a demand was not made. All correspondence pertaining thereto should be attached.
